## MET-118 MERIDIAN SERIES

Freestanding  
Cooking and Holding Timer  
18 Product Keys

**The (FASTIMER.)<sup>®</sup> Meridian<sup>™</sup> Cooking Timer**—a direct replacement for the popular (FASTIMER.)<sup>®</sup> Silver Edition<sup>™</sup> Series timers.

**Ensure Food Safety and Quality**  
Product that is undercooked or held too long in the Danger Zone (40°-140°F/5°-60°C) can potentially expose your customers and crew to dangerous food-borne illness. Bacteria multiplication can be prevented by controlling the time a product is cooked and/or held. The Meridian helps operators avoid food safety dangers by automatically monitoring these cook and hold times. Precisely timed products deliver consistently good-tasting food to your customers. Hold timers ensure that expired product is never served.

**Easy to Program**  
(FAST.Nav)<sup>™</sup> mobile phone style and predictive text programming reduces training time and increases productivity.

**Automatic Time Management**  
Operators can attend to the customers and let pre-programmed action alarms alert them to perform a function during a timing cycle, such as flipping or shaking the products. Up to three action alarms per key can be programmed.

**User-Friendly Messaging**  
14-segment 8-character displays allow a greater range of names and prompts to be used. Create your own product menu and action alarm names, or choose from a pre-programmed library of standard menu items.

### Increased Flexibility with Hold Times

Product key hold times can be programmed to track product quality through a specified holding period. Hold time countdown begins as soon as the cook cycle is complete. The timer will sound an alarm when the product's hold time has expired alerting the operator to discard the product.

### Programmable Hold Time Linking

Effectively manage hold functions by linking your common products together. Each product key can be linked to an independent hold timer, or multiple product keys can be linked to a single hold timer.

### Secure Operation

Separate pass codes for store managers and employees prevent unauthorized re-programming.

### 24/7 Technical Support

As with all (FAST.) products, the Meridian comes with 24-hour programming assistance via toll-free phone.

### Standard Meridian Features

- ✓ 18 Product Keys to support ever-changing menus. More space for LTOs (limited time offers).
- ✓ Automatic least time remaining display
- ✓ Fully RoHS compliant
- ✓ Larger LED displays with 8 characters

- ✓ Replaceable menu strip for quick and easy menu changes.
- ✓ Replaceable feature key menu strip with globalized symbols
- ✓ SCK<sup>®</sup> Xwire<sup>™</sup> wireless communications compatible for the networked kitchen
- ✓ (FAST.Edit)<sup>®</sup> and (FAST.Transfer)<sup>™</sup> compatible. Reduces time and cost to change recipes. Ensures consistent recipes across all appliances/restaurants.

### Optional Meridian PLUS Features

- ✓ Product and Action Alarm name library programming
- ✓ Adjustable audio alarm levels
- ✓ Diagnostic feature to assist with testing all inputs and outputs
- ✓ SCK Link<sup>®</sup> software giving you the most advanced communications capability available for HACCP reporting and automated on-line kitchen management.

the time is right.

### SPECIFICATIONS

#### MECHANICAL

- Controller: .060 aluminum front panel
- Chassis: .040 aluminum
- Faceplate: polyester with back-printed text and removable menu strip
- Maximum ambient temperature: 158°F / 70°C, 90% max. RH non-condensing

#### ELECTRICAL

- Power: 120VAC +/- 10%, .33 Amp, 50/60 Hz, 40 VA Max.  
240VAC +/- 10%, .167 Amp, 50/60 Hz, 40 VA Max.
- Surface mounted circuit design
- Membrane keypad life rating: 5 million cycles
- Status indicators rated life: 50,000 hours
- Power cord: Detachable 6 ft. oil-resistant neoprene, grounded
- Noise spike protection: 4000 volt minimum (\*on timers and all properly installed controls)

#### SHIPPING WEIGHT

- Approx. 10 lbs. (4.6 Kg)

### ORDERING INFO

TX0-60221-09	18 Product Meridian Plus, Freestanding, 90-240V
TX0-60221-08	18 Product Meridian, Freestanding, 90-240V
TX0-60221-07	18 Product Meridian, Freestanding, 90-240V

When ordering, indicate voltage and type of line cord required.

Consult factory for other applications.

### WARRANTY

FAST warrants all new timers, computers, and controllers for 1 year from the date of purchase including computers, controllers, and timers. FAST warrants all other items for a period of 90 days unless otherwise stated at the time of purchase.

### PATENTS

The products manufactured by FAST are protected under one or more of the following U.S. Patents:
